

Annual AMT Delegate Report
Scottsdale, AZ
Linda Jones Sotak, BS, MT (AMT) HHS
President Virginia State Society

It is always a pleasure to represent the Virginia State Society of AMT at the Annual meetings. The week is filled with many educational programs and social events. The opening ceremonies keynote address is always something to look forward to as our speakers always provide InSite to a motivational topic. Sometimes it is hard to decide which lecture to attend because there are always a good variety of topics. This year's program was just as exciting.

As a delegate you are responsible to attend several meetings. First, you must be present at the "Meet the Candidates". These are the members that are running for election to the National Board. Every year members are elected as MT/MLT and RMA positions.

Usually, the last day of the Annual Meeting concludes with a Town Hall meeting and reports from all of the committees and officers. There is an open forum where members can have the floor to address any concerns they have about the organization. In the afternoon there is the seating of the delegates, roll call and voting to elect the Board Members. Board Members are elected for a two-year term. This year we voted electronically using our phones. Also, we were logged into the seminars by a code on our badges. This was great because our continuing education credits went into Amtrek automatically.

I hope next year more Virginia members will participate in our meetings and join me as a delegate.
