Re: Employee Verification, AMT ID 2611813, Mikhail, Zaia

To whom it may concern:

Zaia Matthew Mikhail is currently CERTIFIED by American Medical Technologists as an RMA with a certification start date of 02/06/2025, and an expiration date 03/01/2028.

Zaia Mikhail is also currently an ACTIVE MEMBER through 03/01/2027.

Certification represents public recognition of a particular individual's professional competence, both current and ongoing. As a certification agency, it is AMT's responsibility to solicit and obtain from our certificants valid documentation that demonstrates that they continue to maintain current competency as long as they are working in their professional field.

While an individual may be certified, being an ACTIVE member indicates that he/she currently has access to the ongoing learning and networking opportunities offered through a professional credentialing agency. It is to your advantage, and to the advantage of your patients, to require and/or encourage this type of ongoing participation.

If you have further questions, please contact American Medical Technologists at 847.823.5169.
